“There’s nothing quite like a genuine **Timberline® High Definition®** roof!”

Your roof can represent **40% or more** of your home’s “curb appeal.” Improve its resale value with Timberline® High Definition® shingles from GAF.

Timberline® shingles with Advanced Protection™ technology are the **#1-selling shingles** in all of North America. Professional installers have long preferred the rugged, dependable performance that only a Timberline® roof can offer.

What's the secret to the striking look of a Timberline® High Definition® roof?

Timberline® High Definition® shingles are unlike any others, thanks to our patented High Definition® shadow bands (U.S. Patent No. 5,666,776). Each shadow band is applied using a sophisticated, computer-controlled "feathering" technique. When combined with our randomly-blended top layer, it results in a shingle with exceptional depth and dimension—and a **striking look unmatched by any other brand.**

But don't just take our word for it. See for yourself. When you compare Timberline® High Definition® shingles to typical architectural shingles, it's easy to see why they'll look sharper and more beautiful on your roof—while enhancing the resale value of your home.

See the difference...

Timberline® High Definition® Shingles

Another Major Brand

The color blends on Timberline® High Definition® shingles (top) are sharp and well defined—to give your roof maximum dimensionality and depth.

But great performance is only half the story. Choosing Timberline® shingles will not only protect your most valuable asset — they'll beautify your home for years to come. In fact, an independent research firm surveyed homeowners about the brand of architectural shingles they preferred. The result: more homeowners preferred the look of Timberline® shingles to the other leading brands! So why settle for anything less than a genuine Timberline® roof?

TIMBERLINE[®] ULTRA HD[™]

LIFETIME HIGH DEFINITION[®] SHINGLES

(formerly called Timberline[®] Prestique[®] Li

For just pennies-a-day more, you can enjoy our **thickest, most ultra-dimensional Timberline[®]** shingle (and increase your resale value, too!)

Timberline[®] Ultra HD[™] shingles will cost you just pennies-a-day more than standard architectural shingles. In return, you can enjoy the thickest, most ultra-dimensional wood shake look for your roof.

Thanks to layers that are up to 61% thicker than standard architectural shingles*, combined with our patented High Definition[®] blends, Timberline[®] Ultra HD[™] shingles offer a natural beauty and incredible thickness that you'll notice and appreciate. *(Not to mention how much they'll increase the resale value of your home!)*

Extra-thick layers make Timberline[®] Ultra HD[™] shingles up to 61% thicker than standard architectural shingles—for a natural dimensional beauty that you'll notice and appreciate.*

*Note: Comparison refers to Timberline[®] HD[™] shingles. Thickness varies by plant; see actual shingles for comparison.

We can help you choose the right shingle for your roof!

Try GAF's Virtual Home Remodeler at www.gaf.com. Visualize GAF shingles on a house like yours—or upload and decorate your own house. Try different siding, trim, and brick colors. It's fun!

The many layers of a **Timberline®** Shingle

Diamond Cut™ Granules...

Multi-faceted design and light-reflective construction add dimension and depth to the shingle

UV Blocker (Granules)...

Protects against damaging sunlight which improves the durability and extends the life of the shingle

Color Lock™ Ceramic Firing (Granules)...

Maintains the true color of the shingle longer

Dura Grip® Adhesive... Locks the shingles in place on the roof, gripping tight in even strong gale force winds

SpecSelect Grading System (Asphalt)...

Use of finest quality asphalt improves weathering in harsh conditions

Micro Weave® Core... Offers a superior strength foundation that resists cracking and splitting

FiberTech® Components (Core)... Incorporates fibers that are non-combustible, providing a UL Class A fire rating

Specifications

13 1/4" x 39 3/8"

- Fiberglass asphalt shingle
- Lifetime ltd. transferable warranty¹
- Smart Choice® protection for the first 10 years¹
- 130 mph ltd. wind coverage²
- Listed Class A Fire – UL 790
- Passes ASTM D7158, Class H
- ASTM D3161 Type 1, Class F
- StainGuard® algae discoloration ltd. warranty (available in most areas)
- ENERGY STAR® Qualified (white only)
- CSA A123.5-98⁵

- ASTM D3018 Type 1
- ASTM D3462⁴
- Dade County approved³
- Florida Building Code approved
- Texas Department of Insurance approved³

⁵ Refers to shingles sold in Canada only.

Smart Choice® WEATHER STOPPER® SYSTEM

Quality You Can Trust... From North America's Largest Roofing Manufacturer!™

www.gaf.com

ADVANCED PROTECTION™ SHINGLES

GAF offers you many great choices, including **Timberline®** shingles with Advanced Protection™ Technology. They're the #1-selling shingles in North America!

Advanced Protection™ Technology results in superior protection for your home, while reducing the use of precious natural resources. That's better for your home—and better for the environment!

To learn more about why Advanced Protection™ shingles are your best choice, visit www.gaf.com/aps.

LEAK BARRIER

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

DISTINCTIVE RIDGE CAP SHINGLES

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

EFFECTIVE ATTIC VENTILATION

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

*In the North, building code requires the use of Leak Barrier at the eaves.

The GAF Smart Choice® Weather Stopper® Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)

ACCESSORY PAINT

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

ROOF DECK PROTECTION

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

PRE-CUT STARTER STRIP SHINGLES

WeatherBlocker™ or **Pro-Start™** are a great upgrade option for rakes and eaves. They save time, eliminate waste, and reduce the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see ltd. warranties for details).

RELIABLE LOW-SLOPE SYSTEMS

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.
